Beamish Stargazing

You are part of an amazing Universe.

Want to know more...

Friday 26th January 2018, 6:30 pm - 9:30 pm

Ticket Entry: £5

(Book tickets via Beamish website).

“One of the North East's largest Museums and largest Astronomical Societies have teamed up give the public a truly unique astronomical event, to Inspire, Educate and Inform the public on the amazing show going on above our heads”.

Join local astronomers for a fun night of assorted astronomical treats at Beamish.

Beamish in partnership with Sunderland Astronomical Society are hosting an evening of stargazing and astronomy.

Powerful telescopes will be available to view:

- The Moon, the planet Uranus.
- Amazing stellar nursery, the Orion Nebula (M42).
- Andromeda Galaxy (M31).
- Gorgeous open star clusters such known as th “Seven Sisters”, (M45).
- Plus many other astronomical wonders of the night sky .

Event Information:

- Suitable for all ages & abilities.
 - Lots of telescopes of all shapes and sizes
 - Astronomy related talks with Q&A.
 - Local amateur astronomer expertise on hand to answer questions & share their knowledge of the night sky.
 - Mobile Planterium.
 - Bring suitable clothing for the weather.
 - Ticket Entry £5.
- see Beamish website - What's on.
